

Project Plan for Turtle Catalog

Description

This zip contains all the html, css and media files of this final project. The requirements of the signature assignment includes:

1. Flex Box Model
2. @media query
3. two-column description (CSS3)
4. at least one box with rounded corners (CSS3) with a background color or image
5. pseudoclasses and pseudoelements
6. embedded video
7. some text color with different sizes
8. an image
9. at least one HTML5 structural element
10. at least a link
11. a form for the user to submit asking for more info about the product

To do that, I built a simple website featuring Pokemon Wiki. All the features mentioned above are used. I also used embedded twitter content to enrich the content of the page. Several public web page are linked to my page as well.

Overview of Web Pages

Index Page

The screenshot shows the main page of the Pokémon Wikipedia. At the top left is the logo "The PokéMOn Wiki". The top center features the title "Pokémon Wikipedia". On the top right are links for "Sign Up", "Log In", and "Contact Us".

Information Index

Pokédex

Kanto Region

Johto Region

It shows the basic layout of the pages. All page has a header and side bar as navigation. Also a navigation bar for login/signup is provided too. Content sits next to the side navigation bar. All hyper links are displayed with an extra line under the text.

Signup/Login/Contact Page

The screenshot shows the account creation page. At the top left is the logo "The PokéMOn Wiki". The top center features the title "PokéMOn Wikipedia". On the top right are links for "Sign Up", "Log In", and "Contact Us".
